April 15, 2004

To whom it may concern:

Allstar Mechanical and Rocky Mountain Sprinklers completed a multi-unit residential project for us last year in the City of Vancouver.

We found them to be very knowledgeable, diligent and always helpful during the course of this project and would not hesitate to hire them for future work or recommend them to other developers/general contractors who are looking for an experienced and highly competent mechanical contractor.

We wish Allstar and Rocky Mountain continued success and look forward to working with them in the future.

Yours truly,  
**BOGNER CONSTRUCTION LTD.**

Larry Schneider  
Construction Manager
